THE TIMES-GAZETTE, REDWOOD CITY, CALIFORNIA, FRIDAY, OCTOBER 30, 1942

ESTABLISHED IN 1859

Authorities Take Action

State and county authorities have taken concerted action to combat increasing juvenile delinquency. The board of supervisors authorized the district attorney to prepare a curfew ordinance for all minors under 18, and Probation Officer Francis Robinson filed complaints in juvenile court against a San Bruno bartender and a Redwood City youth to whom the bartender allegedly sold liquor. The State Board of Equalization meanwhile disclosed names of five establishments against which actions have been filed for revocation or suspension of licenses. Hearings were conducted in Redwood City Thursday.

Included in the list of five liquor dealers was the Top Hat, 703 El Camino Real, Redwood City.

DAMAGE SUIT

Sidney Washauer, 54, San Francisco salesman who reported his earnings to be \$15,500 last year, today had filed suit in superior court at Redwood City for \$55,500 damages for injuries sustained in a Bayshore Hwy. accident at 19th Ave., San Mateo, Oct. 13. Defendants are Marion G. Smith of Lindsay, Calif., driver of a truck which Washauer claims struck his vehicle head-on.

Third of Stanford Too Puny for War

PALO ALTO (AP)—Nearly one-third of Stanford University's male students are so lacking in physical prowess that for them combat warfare would be "almost suicide," reports Dr. A. A. Esslinger of the School of Health on his tests of the undergraduate's fitness.

"There are many Stanford men who could not pull themselves out of a trench and there are some who could not get out of the sea into a boat if their lives depended on it," he said.

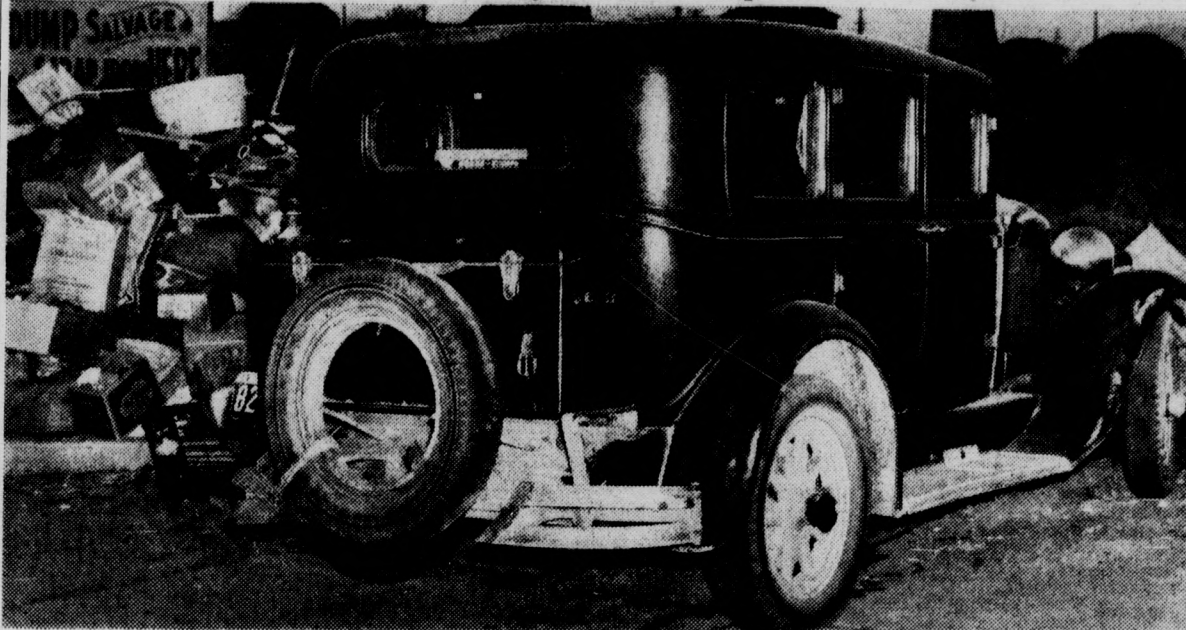

Dr. Esslinger's tests showed 20 per cent of the students to be in superior physical condition, 50 per cent passable and 30 per cent sub-par.

Armitage Speaks On Dehydrated Foods

Albert L. Armitage told members of the Redwood City Toastmasters Club this week that dehydrated foods during time of war will save space on transports, trucks and trains.

"More of these dried foods are in evidence every day," he said. Other speakers at last night's meeting were James Thornton, Lewis Horvath, James A. Batchelor and Norman F. Meyer. S. S. Mayor was chairman and Dr. Virgil A. Anderson of Stanford University was critic.

Tons of Scrap Ready For Japs, Nazis

A 1930 Buick sedan, donated to the Redwood City salvage drive by John Arnet, 2534 Jefferson Ave., is shown in the picture above, with part of Redwood City's gigantic scrap pile in the background. In the picture at the right, Supervisor John W. Poole (left) candidate for county tax collector, is shown shaking hands with Frank A. DePatta, salvage drive chairman, over a 3000-pound safe donated from the San Mateo County courthouse. Poole made arrangements for the removal of the old-time safe to the scrap pile.

Awarded Silver Cross

BURLINGAME—For his part in a Flying Fortress' running fight against 15 Japanese Zeros, Second Lt. Edward R. Yerington of Capuchino Ave., Burlingame, has been awarded the army air corps' Silver Cross, it was announced from Gen. Douglas MacArthur's headquarters in Australia.

State Okehs Shrine Park Purchase

Arthur V. Swift of Redwood City, one of five members of the State Park Commission, has disclosed that the commission has formally approved the purchase of the 1800-acre Islam Shrine Park in San Mateo County. The commission's action, taken at its meeting in Eureka Saturday afternoon, was unanimous.

No price for the purchase was specified. Swift explained that three members of the San Mateo County Real Estate Board would be requested to make a survey, supplemented by a park commission survey.

IMPROVEMENTS INCLUDED

Swift disclosed that the Shrine purchased the property 20 years ago for approximately \$144,000. Improvements include a water system, buildings, utilities and roads. State purchase will stop threatened destruction of the virgin redwoods in the park by lumber interests already operating at the park's south border.

The Islam park is located three miles east and upstream on Pescadero Creek from the county's Memorial Park. Swift said one of the first acts by the state after acquisition, would be to build a road connecting the grove with Memorial Park. Subsequently, he said, a road would connect Islam Shrine Park with Big Basin.

It was anticipated that Islam Shrine Grove would be renamed.

SWIFT'S PROPOSALS

Swift first proposed purchase of the Shrine park three months ago. On Sept. 27, the Park Commission visited the grove and at that time gave informal assurance that it would be purchased.

Motion to buy the park was made by Isador Dockweiler of Los Angeles and seconded by Matthew Gleason, chairman of the commission, who relinquished the chair for the purpose. Swift said this indicated the full support Southern California is giving to the acquisition. The vote was unanimous.

A special appropriation bill to provide funds for the purchase will be introduced at the next session of the legislature, Swift said.

Redwood City Shoppers Find Coffee Shelves Bare

Redwood City-zens hoping to stock supplies of coffee before rationing starts Nov. 28 found grocers' shelves barren this week as they have been for more than a month.

Some stores had absolutely no supplies on hand and others were carefully keeping what they did have stored in back rooms and selling only to regular customers. Although rationing won't start officially until the November date, grocers have been receiving only 65 per cent of the total they sold last year for several months.

In force in some Redwood City stores for at least a month has been a system whereby but one pound of coffee is sold to each customer.

One store manager reported that he has been dividing the supply he does obtain into six sections, putting one section each day on his shelves. Still another said that he has been putting his entire week's supply on shelves on Thursday and has been completely out by Saturday.

Despite these precautions all grocers claimed that Redwood City-zens have been hoarding. One grocer went as far as to predict that "there is more coffee on home shelves than in coffee warehouses."

As announced by the Office of Price Administration yesterday the new federal rationing system will allow only one pound of coffee every five weeks for each person more than 15 years old.

Retail sales will be halted at midnight, Nov. 21, for a week-long freeze during which grocers will stock their shelves for start of rationing.

Last stamp in sugar rationing books will serve for the first coffee ration marker. Subsequent rationing will be working backwards through the sugar book, using stamps Nos. 28 to No. 19, in sequence.

Housing Committee To Be Appointed

BURLINGAME—Appointment of a county-wide housing committee to investigate the housing resources of San Mateo County will be made within the next few days by Earl P. Wilsey, chairman of the county defense council.

This newest action intended to cope with the county's wartime housing problem, will be taken at the request of R. L. Rumsey, field representative of the National Housing Authority's San Francisco office.

Odell Lawsuit Unaffected By S. F. Agreement

Prospective settlement of Pacific State Savings & Loan Co. difficulties with the state by court agreement in San Francisco will have no effect in the \$1,300,000 San Mateo County Superior Court lawsuit against Robert S. Odell, president of the company, and his associates, court attaches said today.

San Francisco Superior Court heard a proposal yesterday whereby Pacific States certificate holders would be paid 100 cents on the dollar. The state took over the loan company in 1939.

The court action at Redwood City is for recovery of alleged

Regular Meeting

M.P. Council Introduces
New Dimout Ordinance

MENLO PARK—A dimout ordinance for the purpose of cooperating with military authorities to prevent "sky-glow" was introduced by the Menlo Park City Council last night.

The ordinance provides for penalties of not more than \$300 or three months' imprisonment or both for violators of the dimout law. The provisions will be the same that have been adopted by other Peninsula cities, as recommended by the League of California Municipalities.

The city council also introduced a Uniform Building Code, 1940 edition, which is intended to supplant the city's present building code.

A public hearing will be held on the building code at the next meeting of the city council, Nov. 10. L. H. Anderson, Palo Alto city engineer, will be present at the meeting to aid in the discussion of the code.

The dimout ordinance will be studied further by members of the council and may be passed at the Nov. 10 meeting.

After much bickering between Park Comr. Paul Bryant and Street Comr. William Cutter last night, the city council approved the recommendations of the Menlo Park Lions Club to hire a laborer for maintenance work in Recreation Park.

Bryant opposed the Lions' proposal because he said it would add an estimated \$660 to the budget. Cutter, backed by Lions Rep. Harry Hoefler, pushed it through the council.

An additional \$1000 was transferred from the general fund to the parks budget to provide salary and material costs for the proposed maintenance and improvement work. The laborer will keep the park in condition

through the Winter months, and install walks and some water system improvements.

Mrs. Gardner Calio, chairman of the Menlo Park salvage committee, outlined the difficulties the scrap drive had encountered and asked the council for assistance so the scrap program would not bog down.

Bryant was appointed to a council committee to study the scrap situation.

Health Comr. Charles Burgess reported that he would consult with a representative of the California Water Service Co. tomorrow to discuss the possibility of lowering Menlo Park water rates.

He also reported that government restrictions on the use of copper wire would prevent any redistribution of street lights on Johnson and University Sts. for the duration.

The council agreed to lease the northeasterly corner of Recreation Park to the Atherton-Menlo Park Girl Scouts. The scouts hope to erect a clubhouse on the 100x175 foot plot. The lease will run for 40 years at the rate of \$1 a year.

Street Commissioner Cutter promised to investigate the necessity for improvement work on an alley behind the Stanford Arms Apartments on Harvard St. and El Camino Real.

No other known fiber is quite equal to jute for the bagging and baling material used in the cotton industry of the United States and the coffee industry of the American republics, according to Alexander the Grate forbade his soldiers to wear beards, to avoid an advantage to the enemy in hand-to-hand fighting.

Bryden Presents
'Adamant Eve'

When Eugene S. Bryden offers the international success, "Adamant Eve" at the Curran beginning Nov. 2, theatergoers will recall perhaps that in its original Paris (France) presentation, "Divorcees" (the Sardou French comedy we know played for years with Grace George starred), was entitled "Cyprienne," the name of the leading role. Under this and other titles it played practically every country of note in Continental Europe.

"Adamant Eve," its present title, finds the famous Sardou brand of effulgent comedy, vying with scintillating wit, as based by Francis Edwards on the original, and set to a musical background by Henry Holt—Paul Schoop, brother of the famous Trudy Schoop, and a concert pianist of note, and Nilo Mendez, also a concert artist, at the twin pianos.

Carol Stone, last seen here in Noel Coward's "The Shadow Play" former leading player of White Horse Inn, on Broadway, "As You Like It," last season in New York, and "Irene," will be the "Cyprienne" of the Bryden production. Rex O'Malley, a Broadway and countryside favorite, here recently in "The Man Who Came to Dinner," Norma Varden, English comedienne; Edward Cooper, Fred Essler, Stephanie Bachelor, Nola Chilton, Elmer Jerome and other Broadway players will enact the comedy under the direction of Bryden.

Of particular interest to feminine theatergoers, the costumes are as brilliant in conception as play and players are par excellence in acting—the period is the time of The Merry Widow. The France of 1890—clothes stylized in the modern manner. Miss Stone's gorgeous white gown is a marvel of the dressmakers' art.

Certain spiders spin a floating silk web and by releasing themselves in the breeze soar a considerable distance.

No other known fiber is quite equal to jute for the bagging and baling material used in the cotton industry of the United States and the coffee industry of the American republics, according to Alexander the Grate forbade his soldiers to wear beards, to avoid an advantage to the enemy in hand-to-hand fighting.

MENLO PARK NEWS

By D. E. O'KEEFE

Fred Worrell, son of Mrs. F. Worrell of Menlo Park is quite sick at the Monterey Hospital. He is a member of the engineer corps, having entered the army some time ago. Other young men from Menlo Park are members of his company.

The prune growers of Santa Clara County find it impossible to get help to pick the unusually large crop of fruit and are in desperate straits to gather their crop. Several young women from here have gone into the fields to help. The pay is \$4 a day and board. Not bad.

One-quarter of an inch of rain fell during the storm of Tuesday night. The rainfall at this time last year was 3/4 of an inch.

The Native Daughters will sponsor a card party at the Central School on Saturday evening, Nov. 7. Good awards will be given the winners of the game.

Charles Graham visited the local marshes Sunday and returned with the limit, principally wildfowl. He reports shooting excellent for the time of the season.

Joan O'Brien is in Menlo Park

C. L. Dimmitt Leaves
\$4738.95 Estate

C. L. Dimmitt, city manager of Redwood City who died July 26, left an estate valued at \$4738.95, according to an appraisal on file in superior court at Redwood City today. Included were \$524 in cash, real and personal property. Mrs. Bee F. Dimmitt, his widow, is administratrix of the estate. No will was found.

Certain spiders spin a floating silk web and by releasing themselves in the breeze soar a considerable distance.

No other known fiber is quite equal to jute for the bagging and baling material used in the cotton industry of the United States and the coffee industry of the American republics, according to Alexander the Grate forbade his soldiers to wear beards, to avoid an advantage to the enemy in hand-to-hand fighting.

MONTGOMERY WARD

to establish a hair dressing parlor. Miss O'Brien is from Los Angeles where she was in business for several years.

It was rumored this week that the Hopkins mansion recently divested of its costly furniture, would be converted into a girls' dormitory for the coeds of Stanford. The old walls of the "big house" may again echo gay laughter of youth and beauty as they did in the 90s when young Tim Hopkins and his beautiful bride occupied it.

Edward O'Keefe left last week for Washington with his company to enter active training. For the first month he had been located at Monterey.

One of Menlo's beautiful belles is soon to marry a young soldier of Moffett Field. The couple will go overseas after the ceremony.

Miss Tillie Haute is here from Los Angeles to establish a dancing school. She has over 50 pupils enrolled. The school will continue through the Winter.

There is some talk of changing the name of Santa Cruz Ave. to the "Road to the Hills." The "Road to the Cemetery" could be appropriate.

There has been a large flight of ducks to the local marshes this week. They will not be hunted much this season for many of the young men are in foreign lands looking for bigger game.

Mr. J. Greenberg and family arrived here from Baltimore to establish a home for the duration. Mr. Greenberg is an inspector in the steel plant at South San Francisco.

Miss Louise McKinnon, a pretty miss from Portland, Ore., is here on a visit to her cousin. Miss McKinnon is a chiropodist by profession.

Belmont Council Approves New Parking Ordinance

BELMONT — Belmont city councilmen, conducting their regular monthly session at the Belmont city hall Monday night, passed an ordinance fixing parking regulations on the newly

Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION
for Coughs, Chest Colds, Bronchitis

completed parking lot leased by the city from the Southern Pacific Co. on property located near the railroad station.

Improved by the city and the railroad, the new lot will have certain areas near the station structure which will be set aside for 20-minute parking and other areas set aside for all-day parking for commuters.

Council also noted that City Atty. J. E. McCurdy was assisting the Belmont Sanitary District conclude its affairs preparatory to dissolving and joining the Belmont city government.

A resolution was passed granting the California Highway Commission the right to accumulate gas tax funds for the city until such time as materials may again be obtained for the surfacing of city streets.

How Would You Like These in Your Garden?

Gigantic is the word for products grown in the garden of John Kezik of Woodside.

A 2½-pound tomato, brought into the Tribune office, apparently is no exception to the rule in Kezik's production. A green tomato which accompanied the ripe one weighed 2 pounds. The larger example was six inches wide and would have cost between 15 and 20 cents at the current grocery store price level.

But tomatoes aren't the only things that grow big for Mr. Kezik. He also displays with some trepidation a two-inch tarantula which he found roaming in his garden.

The volume of new construction in the United States totaled \$3,297,000,000 in the second quarter of this year, 28 per cent above last year, according to the Department of Commerce.

Chesterfield Campaign Starts

The Liggett & Myers Tobacco Company in announcing a new newspaper campaign for Chesterfield Cigarettes states its belief that what smokers look for in a cigarette is a mild, good-tasting smoke . . . and nothing else.

The present campaign, like previous Chesterfield campaigns, is based on the idea that men and women smoke cigarettes for the enjoyment they find out in the copy which states that "Chesterfields give smokers more pleasure because their right combination (blend) of tobaccos makes them milder and better-tasting."

Each advertisement in the current series carries a picture and text from the Chesterfield booklet "TOBACCOLAND, U.S.A." illustrating some phase of cigarette making. This booklet, now in its fifth million, has had a wide free distribution and is used as a source and reference book on tobacco growing and manufacture in many schools and colleges. Anyone may obtain a free copy by writing to Chesterfield, Box 21, New York, N.Y.

The first advertisement in the series, appearing in newspapers on Nov. 2, shows a picture of a group of navy flyers as the mail is being distributed. One holds a carton of Chesterfields and the caption reads, "There's nothing like a letter from home or a carton of milder, better-tasting Chesterfields." Then the copy develops the pleasure theme.

WPA Collects County Scrap

R. G. Stevenson, area superintendent for the WPA's Federal Scrap Metal Collection Project, today announced that 11 south county unincorporated areas have contributed 68,000 pounds of scrap to the salvage campaign. The 11 areas, where salvage operations are directed by Mrs. Mona Christensen, include Belle Haven, Palo Alto Manor, Palo Alto Park, O'Connor Tract, East Palo Alto, Ravenswood District, North Palo Alto, Menlo Oaks, Nash Tract, Middlefield Park, and Veterans Administration Facility.

Stevenson said his crew had handled 48,335 pounds of scrap from Sequoia High School.

Stevenson said that the WPA project is operating from a Redwood City depot and plans to open another depot in Half Moon Bay. Scrap collected is sold to the highest bidder. Proceeds go to the U. S. Treasury.

Oil from the cashew shell is one of the best lubricants for magneto armatures in airplanes because of its high heat-resisting qualities, says the Department of Commerce.

PROPOSITION ONE

DO NOT BE CONFUSED

WHAT IS "HOT CARGO" and "SECONDARY BOYCOTT"

"HOT CARGO"

"Hot Cargo" is the refusal, collectively, of employees or employers to transport or handle the product of anyone, person or company because the latter has a labor dispute.

"SECONDARY BOYCOTT"

"Secondary Boycott" is a concentrated effort of two or more people to prevent an innocent business man or farmer, his employees, with whom no labor dispute exists, from doing business with someone else who is involved in a labor dispute with other employees.

HERE ARE A FEW EXAMPLES SINCE PEARL HARBOR

Have the Labor Unions kept their pledge that there would be no "Hot Cargo" and Secondary Boycotts for the duration of the war? Here are a few examples of what has taken place AFTER Pearl Harbor, December 7, 1941.

Here Are Actual Cases and Their Results!

MODESTO—Kinnear Machine Works—Through secondary boycott, lost all business with previous customers.

ORANGE COUNTY—Lumber Yards—Boat Builders unable to get materials.

VALLEY FORD—Valley Ford Creamery—35,000 pounds of poultry feed dumped and wasted daily because of "Hot Cargo" action by union.

PASADENA—Nash Department Store—Secondary boycott invoked because of butchers dispute. Unable to get supplies.

SANTA ANA—Santa Ana Register—All stores in Santa Ana threatened with secondary boycott if they advertised with paper. Paper had dispute with printers.

CORONA—Wright Market—Forced to sign contract through threat of secondary boycott on suppliers. Otherwise would have lost army business.

LOMPOC—Moore Mercantile Co.—Same situation as above. Would have threatened army food supply.

VENTURA—Chase Bros.—Dairy firm in business 20 years. Employees refused to join union. Union forced membership by applying secondary boycott on all stores selling their milk.

SAN DIEGO—Graybar Electric Co.—Construction of air plant and vital deliveries to aircraft plants stopped by "hot cargo" action of union.

FRESNO—Farmer Bros. Coffee—All restaurants using their coffee threatened with picket lines unless they ceased buying from Farmer Bros.

LOS ANGELES—Boyetown Casket Co.—Funeral parlor picketed because they bought caskets from this firm.

There are many others (cases). The above are just a few to show that Labor Unions have NOT kept their promise to suspend "Hot Cargo" and Secondary Boycott for the duration.

VOTE YES

ON PROPOSITION ONE

San Mateo County Committee for Proposition One. Winfield Scott, Manager

VOTE NO

ON PROPOSITION

NO. 1

Dear Comrades and Sisters:

Proposition No. 1 on the ballot at the coming election is intended to deprive labor of certain rights and privileges which it now enjoys. It is our studied opinion that this type of legislation has no place in the minds of people during war time. Any action which engenders bitterness between capital and labor, between different creeds or religions, or between races, has no place in a nation at war.

Every patriotic citizen, and particularly every overseas veteran, should oppose any attempt to create rifts in our National Unity --- a typical Hitler method which was successful in France and other European nations which are now under the heel of the conqueror.

Proposition No. 1 would create a serious rift between capital and labor, and is therefore, in our opinion, unpatriotic and detrimental to the cause of the United Nations.

We urge you to go to the polls on November 3rd and vote NO on Proposition No. 1, which, if passed, would destroy the present amicable relations between Capital and Labor.

LET US HELP TO OUTLAW LABOR DISPUTES FOR THE DURATION OF THE WAR.

Yours in comradeship,

MATTHEW BEATON

Volunteers Needed For Bomb Squad

Mayor Floyd D. Granger has issued a call for men to volunteer for a bomb reconnaissance squad, to function under the Redwood City Civilian Defense program. Anyone interested may contact the CD office at the city hall, or telephone 824. Sgt. S. E. Douglass of the police department is in charge of the squad.

FOR A 100% WAR ADMINISTRATION

Since April, 1940 when he urged the President and Congress to enable States to create State Guard units, Governor Olson has achieved a tremendous mobilization of California's natural, industrial and human resources! It was **THE GOVERNOR** who had the foresight to call for California's **HUGE SHIPBUILDING PROGRAM**... the courage to urge **LENDEASE** and **SELECTIVE SERVICE**. It was **THE GOVERNOR** who was truly **NON-PARTISAN** in appointing prominent Republicans to the State Civilian Defense Council. He has rallied all patriotic Californians behind the war effort!

From Oregon to Mexico, California is protected by the constant vigilance of thousands of organized Civilian Defense Workers... ground observers, fire watchers, air raid wardens, etc. This program was **INITIATED** by Governor Olson. **CONSTANTLY PROMOTED** by him despite legislative obstruction, and now operating in a manner which has won the acclaim and gratitude of Army authorities! Let's **KEEP GOVERNOR OLSON** at the helm of the **DEFENSE ORGANIZATION HE HAS CREATED AND LED!**

Advertising Wins Credit

Newspaper advertising was given credit today by a leading Pacific Coast food manufacturer for helping to solve a difficult problem by telling housewives in the quickest way possible about a packaging change arising out of wartime conditions.

Describing the difficult problem that resulted from the adoption of a new tight pack for Ruskets cereal, in response to the government's plea for more efficient packaging, L. V. Roberson, advertising manager of Loma Linda Food Company, pointed out that without the daily newspapers it would have been impossible to secure the co-operation of housewives in such a short time for this conservation measure.

"When it was first decided to adopt a tight pack with 14 ounces of wheat flake Ruskets in the same size package that usually contains only 7 or 8 ounces of other wheat flakes, we knew we were tackling a difficult job," Roberson said. "For years women have been in the habit of judging value by the size of the package, rather than by weight. With almost twice as much cereal in the same size package as others, we had some real explaining to do to gain acceptance for our new package."

"Naturally we turned to the newspapers as the quickest and most effective way to inform food buyers of this revolutionary change, stressing in our copy the importance of buying by weight rather than size. The slogan in our copy, 'Be wise, compare weight,' soon took hold and today more women than ever before are buying their cereal on the basis of weight rather than size of the package. Sales on Ruskets, according to Roberson, have taken a decided jump since the launching of the current advertising campaign explaining the packaging change. The new 14 ounce package effects a real saving in tires and freight due to loading to further capacity. These savings are passed along to consumers, Ruskets now selling at less per ounce than any other wheat flake cereal.

An estimated total of 55 million dollars was spent in Mexico by American travelers during 1941, say the Department of Commerce reports.

News of Troop Activities

Scouts Start Annual Roll Call

San Mateo County Boy Scout headquarters today announced that letters telling of the 18th Annual Roll Call for funds are being mailed to parents of scouts throughout the county. Included with each letter is a request from Council President Perry Bygones to mail membership contributions to save the time of workers making calls during the coming month.

The campaign will be conducted simultaneously in 18 communities of the county for funds to care for 4600 scouts to be served during 1943, scout executives said. Team captains asked that parents or scouts and former contributors serve as "good will ambassadors" by sending

their own pledges and by calling on neighbors to secure additional subscriptions. Addition of 450 new scouts and seven new troops during the past year will call for additional funds next year, officials claimed.

SAN CARLOS PLANS

Henry Graves Sr., drive coordinator for San Carlos, last night met with workers and captains from Troop 153, Packs 53 and 54 and the new American Legion San Carlos troop to map the San Carlos campaign which is expected to start on or before Armistice Day. Loren Barnes will head the Belmont drive.

MENLO PARK CAMPAIGN

L. L. Johnston has accepted the chairmanship of the Menlo Park Roll Call drive, which is expected to start there on Nov. 12, county officials said. Johnston will meet with scouts and council finance committee representatives tomorrow at noon in Menlo Park.

COASTSIDE PLANS

Alvin Hatch, executive board member and county supervisor, will head the fund drive in Halfmoon Bay. Ernest Del Cielo and Charles Goffin will lead the Pescadero committee.

COMMISSIONERS ASSIGNED

Twelve district and deputy scout and cub commissioners last night reassigned troops for intensive field service to new leaders and committeemen, according to county scout headquarters. Designated as the transit staff to serve troops during the gasoline and tire rationing period, they will aid scoutmasters on their monthly calls by serving as liaison officers.

among the 79 troops of the county and scout headquarters. Included in the list of leaders are Burrell Karmel, Hamilton Day, Stanley Marcus and Albert Morgan Jr., all of Redwood City.

TRAINING INSTITUTE

Because of the large number of new leaders recently commissioned in the Redwood City area, the fall council scout and cubber training courses will be held Sunday at Lincoln School, Redwood City, scout executives said today.

The institute will offer basic instruction and will continue from 10 a.m. to 4:30 p.m. Lunch will be served by school cafeteria operators. Scouters desiring lunch at a cost of 50 cents a plate may make reservations in advance by telephoning Redwood City 1685.

TROOP ACTIVITIES

Redwood City Sea Scouts of Ship 145 headed by Acting Mate Severance Hauck cruised in the cutter "Challenger" to San Mateo Yacht Harbor last Sunday for the council inter-ship regatta. They berthed the ship there for the week for a return cruise next Sunday following initiation ceremonies at the Coyote Point Yacht Club. Skipper Warner Britschgi will be aboard for the return cruise following recovery from a recent eye injury.

J. Riley, scoutmaster for the new San Carlos American Legion troop, headed a training meeting of committeemen and parents last night in the San Carlos School. Field Executive B. P. Datson was in charge of instruction. The new troop has 15 scout candidates as charter members.

Democratic Rally Behind Warren Grows

Four Hundred Thousand Bourbon Votes At Primary Will Show Huge General Election Gain.

Attorney General's Strength On Increase As Day For Final Decision Of Voters Nears

The phenomenal primary support of regular Democrats—nearly a half-million of them, according to official tabulation—given Earl Warren, the non-partisan candidate for Governor, promises to mount to an even higher figure at the November general election, present trends indicate.

Democrats in every section of the State have joined the Warren march to the war-time governorship of California under the banner, "Leadership—not Politics!"

Warren has pledged full co-operation with President Roosevelt in his win-the-war efforts, and Warren Democrats everywhere point out that the President has himself set an example of non-partisan executive leadership in naming many men of the opposite party to positions of responsibility in his administration.

Gordon H. Garland, Democratic leader and speaker of the State Assembly, is one of the keynoters urging the election of Earl Warren, as also is Henry Meehan, 10 years a member of the State Assembly, and former Democratic speaker pro-tem of the Lower House. Meehan says: "Democrats, in electing Warren, will be naming as Governor a better Democrat than his opponent, because Earl Warren's record in public office is one of steadfast adherence to the fundamental principles of the Democratic form of government on which this country was founded."

DEMOCRATS! CAST YOUR VOTE ON NOV. 3 FOR EARL WARREN FOR GOVERNOR!

"HOT CARGO" AND THE SECONDARY BOYCOTT

NEARLY 8000 CITIZENS CAN'T BE WRONG

Nearly 8000 civic minded citizens WERE NOT WRONG when, through initiative petition, they placed on the ballot the Civil Service Amendment—PROPOSITION NO. 6.

PROPOSITION NO. 6 offers the voters of the county an opportunity to replace the old patronage system with a MERIT SYSTEM for county employees.

Recognized merit should have its reward. Influence should play NO PART in the selection of county governmental personnel. If a county employee is EFFICIENT, CONSCIENTIOUS AND FAITHFUL in his or her work—such an employee should be given the protection of Civil Service.

The taxpayer will benefit by such a Merit System in the end, for, non-in-

terference with GOOD COUNTY EMPLOYEES will be reflected in the service they give the taxpayer. When a man or a woman holds a job on MERIT there can be no question as to the employee's desire to make good.

Civil Service is an institution in effect throughout the United States. It is an American system, which some of our own San Mateo County municipalities have voted into their respective city governments because they have recognized its benefits.

San Mateo County's employees, your public servants, sincerely hope that the voters will join with the FAIR MINDED nearly 8000 citizens, who signed the initiative petitions, in giving PROPOSITION NO. 6 A WINNING "YES" VOTE.

WHY YOU SHOULD VOTE FOR MERIT SYSTEM

Civil Service will benefit your county government because it will establish the following stabilizing regulations for San Mateo County employees:

1. A Civil Service Commission shall be created to work with the state personnel board on matters pertaining to county employees.

2. County employees are retained on their respective jobs, dependent entirely on MERIT and EFFICIENCY.

3. Under Civil Service, employees can be demoted, suspended or dismissed FOR CAUSE, but only after said employees have been given a FAIR HEARING before the said Civil Service Commission.

4. Employees on the job for a stated period prior to the adoption of the civil service amendment are of course, sub-

ject to the above mentioned rulings.

5. Applicants for county positions after adoption of this measure must be taken from an eligible list and must pass examinations PROVIDED FOR THEM AND GIVEN TO THEM BY THE STATE PERSONNEL BOARD.

This provision ASSURES THE COUNTY'S TAXPAYERS THAT COUNTY GOVERNMENTAL PERSONNEL IS EFFICIENT.

6. Within one year following effectiveness of the amendment, a retirement system is provided for county employees reaching a retirement age.

This provision is highly essential when it is realized that COUNTY EMPLOYEES, BECAUSE THEY ARE PUBLIC EMPLOYEES, DO NOT BENEFIT FROM THE OLD AGE PENSION, SOCIAL SECURITY OR UNEMPLOYMENT RELIEF FUNDS.

SAN MATEO COUNTY CIVIL SERVICE PROPOSITION

NO. 6

Bus Lines Face Huge New Task

For years the bus lines, like other forms of transportation, have been developing their coaches and organizations to give faster transportation with greater safety. As a result, running time has been drastically cut from year to year and the traveling public has come to depend on buses for safe, convenient transportation, and the bus companies have kept pace with the modern demands of a fast-moving age.

Today, in order to conserve precious rubber and other materials vital to our war effort, it has suddenly become necessary to drastically reduce the speed of highway transportation. In commenting on the recent order of the Office of Defense Transportation, which allowed the bus lines until Oct. 15 to adjust their schedules to the 35-mile-per-hour limit, F. W. Ackerman, vice-president of Pacific Greyhound Lines, pointed out some of the difficulties faced by his organization in complying with the order. Said Mr. Ackerman:

"The task faced by Pacific Greyhound is a colossal one. Thousands upon thousands of arrivals and departure times must be changed, throughout the entire west. Hundreds of connections must be worked out at transfer points, all meal and rest stops rearranged. The working hours of drivers and depot employees must be readjusted to meet the changed schedules. Then complete new timetables must be prepared and printed. These are major changes, but in addition there are countless other difficulties caused by the speed reduction that must be ironed out. All of this we are doing as quickly as it is humanly possible. There is the acute shortage of trained personnel; also the difficulty in obtaining new equipment. Today our buses are already carrying above normal capacity, and the slower schedules will undoubtedly result in some inconvenience.

"The war effort must be placed before personal convenience," Mr. Ackerman concluded. "Greyhound is doing its best to carry on under these present conditions and requests the leniency of the public during the change over to 35-miles-an-hour operation. Slower travel is a sacrifice we must all make to help win the war."

Households in France will receive this winter only about 20 per cent of the coal and fuels they normally consume, says the Department of Commerce.

Purchase Plan

Local Automobile Owners Turn in 312 Extra Tires

Redwood City and San Carlos automobile owners have turned in 312 automobile tires in Uncle Sam's campaign to limit each car to five, according to S. W. Wells, manager of the Railway Express Agency here. The agency has been designated by the government to collect and ship to regional warehouses all tires offered for sale under the Idle Tire Purchase Plan, put into effect Oct. 15.

Wells explained the procedure by which the express agency handles the acquisition of idle tires:

Reynolds Hearing To Be Held Nov. 9

Preliminary hearing of manslaughter charges against Edwin Reynolds, Woodside butcher, accused of causing the death of his wife, Josephine, at their Woodside home Oct. 10 was delayed until Nov. 9 by Judge E. I. McAuliffe yesterday.

The delay was granted at request of Joseph O'Malley, defense attorney, who told the judge he had not had sufficient time to consult his client. O'Malley said he was retained in the case yesterday.

The continuance was granted over protests of Dep. Dist. Atty. Louis B. Demattels, who pointed out that prosecution witnesses had been summoned for the hearing.

Reynolds is free on \$2500 bail.

More Greases, Fats Needed

BURLINGAME—Twenty thousand pounds of fats and greases were turned into meat markets by San Mateo County residents up until Oct. 1, but intensified U. S. war activity has created more need for these materials than ever before, Theodore M. Lillenthal, county salvage committee chairman, said today.

At the same time Lillenthal revealed that 1300 tons of scrap metal had been collected throughout the county during September and October exclusive of large commercial shipments from the county ordered directly by the War Production Board.

"To sell his tires to the government, the individual should telephone the Railway Express Agency office to pick up his tires and take them to a government-designated warehouse. The owner will be given a receipt for the tires and will receive his check, or war bonds and stamps if he desires, in payment from the government shortly after the tires have been inspected at the warehouse for official determination of their value. Payment will be at retail price ceiling levels.

"Those who live outside Railway Express Agency pickup zones should bring their idle tires to the agency's office.

"To each tire, the Railway Express agent will attach a shipping tag identifying it with the receipt given to the seller. All tires collected in this way will be sent to the warehouses where they will be appraised by a paid tire expert. No deduction will be made for the services performed by the Railway Express Agency.

"Damaged but repairable tires and tubes will be appraised at their ceiling prices, less cost of repairs. Scrap rubber prices will be paid for any that cannot be made serviceable. Persons owning casings obviously fit only for scrap, should sell them at once to scrap rubber dealers, a transaction permitted in present restrictive orders."

Wells pointed out that when registration for gas rationing starts Nov. 9, motorists will be required to report the serial numbers of all passenger car tires they own. Gasoline rations will be denied to those with more than five tires for each passenger automobile.

Peninsula Juveniles Await Curfew Regulation Decision

Night life of Peninsula juveniles hung in the balance today as the district attorney studied a proposed ordinance imposing a curfew for the duration.

Asst. Dist. Atty. Daniel E. Sullivan said a curfew ordinance would be submitted to the board of supervisors at its special meeting Nov. 5. The question of the

curfew hour will be left to the board, he said.

Meanwhile, Sullivan showed interest in the new San Francisco curfew ordinance designed to keep all juveniles off the streets after midnight.

The proposed new San Francisco ordinance would send to the juvenile home all boys and

girls under 18 found on the streets after midnight and without proper excuse.

The San Francisco ordinance, according to Dep. Police Chief Michael Riordan, would place the curfew burden on the parents.

Parents would be cited into juvenile court next day to ex-

plain why their children were roaming the streets, with possible prosecution on charges of contributing to the delinquency of minors, he said.

A thousand ships are estimated to have been wrecked off Cape Cod during the first 20 years of this century.

The guinea pig was misnamed from belief that the small South American rodent found in Guinea on the African coast.

Red Cross motor corps auxiliary; Mrs. E. J. Boscoe, Vernie Mace, Mrs. M. Hubbard, Mrs. A. Sorensen, and Bernice Kerruish.

BULLETS and bombs, airplanes and ships are not the only weapons in America's fight for freedom. FOOD is a weapon, too... and a fighting nation needs fighting food!

Vitamin Enriched Kilpatrick's White Bread is that kind of food. Every tender, silky slice is full of energy to keep war workers on their toes. Every crumb and morsel has the same vitamins and iron Uncle Sam puts into the loaves he bakes for the boys in the army. And every fragrant golden brown loaf is crammed with freshness and that good Kilpatrick flavor!

Eat the bread that will keep you punching for Uncle Sam! In toast, sandwiches and for general table use, enjoy Vitamin Enriched Kilpatrick's White Bread every day at every meal.

Peninsula Beacon Published in the Peninsula Beacon Oct. 2, 9, 16, 23, 30, 1942.

Assessed Valuation In County Increases

Total assessed valuation of property in San Mateo County for the present fiscal year is \$132,353,000, compared with an assessed value of \$124,978,000 for 1941-42 and \$113,439,000 for 1938-39, California Taxpayers' Association stated today following its study of trends in assessed values in California. Assessed values are the base upon which local property taxes are levied, the association pointed out.

Collector Mails 70,000 Tax Bills

County Tax Collector Ambrose McSweeney today disclosed that by the end of October his office will have mailed 70,000 tax bills. He requested that property owners who do not receive their bills by Nov. 1 contact his office at once, giving a description of the property and correct address. Total charge for 1942-43 is \$3,655,372.15. The first installment is payable Nov. 1 and becomes delinquent Dec. 5. The second installment is due Jan. 20 and will be delinquent Apr. 20. Both installments may be paid at one time.

New Guinea was the first south seas island known to Europeans.

Uhlenberg Predicts Taxes Will Be Doubled in 1943

C. G. Uhlenberg, Redwood City accountant, gazed into the crystal ball of 1943 taxation and predicted that the average taxpayer will pay twice the federal income tax levy he paid in 1942. Uhlenberg made his prediction at a meeting of the Redwood City Exchange Club last night. T. N. Thompson was chairman of the meeting.

Uhlenberg said the new federal tax bill makes 500 changes in the income tax. Exemptions for single men have been cut to \$500, exemptions for each dependent to \$350. The normal tax will be 6 per cent, and the

surtax, which formerly did not apply to the first \$2000, now applies to the first dollar. Thus the taxpayer will pay 19 per cent on the first \$2000 of next taxable income, and from that bracket higher rates will prevail. Sales taxes and alimony payments have been made deductible, Uhlenberg disclosed.

The Cascade Tunnel in the Cascade Mountains in Chelan and King Counties, Wash., is 7.79 miles in length, the longest railway tunnel in the western hemisphere.

* THE PENNEY WAY IS THE THRIFTY WAY * * * THE THRIFTY WAY IS THE AMERICAN WAY *

Dr. Zomb Tells Mystic Art Truth

Here is an animated story in five chapters, proving that suspended animation is a difficult thing to accomplish in this present day.

Chapter 1... "The Fox Sequoia Theater made formal approach to the city council, by letter, requesting that it be allowed to bury the great Dr. Zomb, a-la Houdini fashion, in Redwood City terra-firma."

Chapter 2... "Council's apparent indifference to this request is met by the theater's taking advantage of the situation during the night of the

police officers' ball, during which they had a grave dug next to the local post office."

Chapter 3... "Redwood City policeman takes issue with Manager Honore, and slips handcuffs on him, much to the dismay of the great Dr. Zomb, whose celebrated powers of concentration are greatly disturbed by this interruption."

Chapter 4 will be written at the Fox Sequoia Theater midnight show tonight. Will Zomb be buried or will he not? The question will be answered at midnight.

YMCA Officials Make Plans For Bigger, Better Party

The YMCA fifth annual Halloween party to be held tomorrow night at McKinley School auditorium promises to be bigger and better than ever, with the recreation department joining the YMCA in helping to make it a success. Alfred (Red) Morton, recreation director, and James A. Batchelor, associate YMCA secretary, are in charge of the affair.

B. B. Berman, who was master of ceremonies at the recent Community Chest-ISO party for service men, will be master of ceremonies Saturday. Besides introducing the various acts on the program, Berman also will put on several specialty acts of his own.

Other numbers on the program include the McKinley School band under the direction of R. S. Spink; community singing; two sound films—a Charlie Chaplin comedy and "Monarchs of the Ring," showing several heavy weight championship fights; and a trampoline exhibition by Gene Bayne and Joe Canfield.

Ten reserved seat tickets to the Stanford-Washington football game to be played Saturday, Nov. 7, will be given away, as will 10 theater tickets.

No admission will be charged. Parents are invited to attend with their children. Batchelor announced. Doors will open at 7:15.

on the NIGHT SHIFT in YOUR HOME...

Keep eyes alert with ADEQUATE LIGHT!

EVERYBODY IS A STUDENT THESE DAYS!

You and your family are putting in extra hours of exacting eye work.

1. High school study is intensified.
2. College courses are shortened and intensified.
3. First Aid work requires constant refresher study.
4. New duties and review keeps Air Raid Wardens busy.
5. Red Cross Nursing Courses require intensive study.

Days do not end with sundown under the pressure of a nation at war. Time is valuable today. It must not be wasted. Night hours are full of added responsibilities.

You and your family must put in more time with household chores, sewing, mending clothes, knitting or dressmaking. Eyes are busy reading fine print, studying, making notes or writing letters to friends and relatives in the service.

Guard against eye strain during these busy night hours in your home. See that your home has adequate light for easier seeing and more cheerful surroundings. Check up the lighting in your home now before the long, darker days of winter begin.

SAFEWAY Homemakers' Guide

How to make Hallowe'en more fun

for youngsters and grown-ups, too

October 31, the eve of All Saints' Day reminds you of cider and doughnuts, witches, and Jack-o'-lanterns, and spells a Hallowe'en party to Americans of all ages. To fit into almost any Hallowe'en party scheme, Safeway's Homemakers' Bureau has planned a 1942-style buffet supper menu with table decorations and a recipe that should appeal to children and adults alike.

HALLOWE'EN BUFFET

Piping-hot Spaghetti-Meat-Cheese Casserole

(Your favorite combination)

*Pumpkin Coach Salad Centerpiece

Buttered French Bread and Rye Bread

Assorted Relishes

Home-baked Pumpkin Pie

Coffee Apple Cider

PUMPKIN COACH SALAD CENTERPIECE: Combine equal parts diced unpeeled red cooking apples, shredded cabbage, and shredded carrots, with 2 medium-sized celery stalks, finely sliced, and 2 to 3 finely chopped sweet pickles. Mix with enough sour cream salad dressing to moisten. Toss lightly to mix. Serve in hollowed pumpkin shell lined with crisp lettuce leaves. Serves 6 to 8.

To Carry Out Coach Idea: Attach black cardboard wheels to pumpkin coach; have it drawn by catnip mice guided by strips of crepe paper or ribbons for reins, and driven by a cardboard witch or black cat, along a black crepe paper road across tablecloth.

OTHER DECORATIONS: You may want paper napkins and place cards to suggest Hallowe'en, and candlelight is both decorative and appropriate.

FOR ADULTS: Don't make too detailed entertainment plans. Bridge or gin rummy may be more popular with adults than Hallowe'en games, so let guests decide for themselves.

FOR CHILDREN: Bobbing-for-apples, ghost story contests, and fortune telling are traditional Hallowe'en games children will probably expect. A variation of an old game that's guaranteed fun is to blindfold guests and let them try to pin a witch or black cat onto a broomstick. This is the Hallowe'en version of pinning the tail on a donkey.

Get your Free copy of the Family Circle every Thursday. Good tasting, balanced menus for fall with equally good recipes is the text of Julia Lee Wright's article in this week's Family Circle.—Free Thursday.
